1. Copyright:

NOTE: **Course Workbooks** = Level 7 & Level 8 Biology Workbook titles

- (a) The Course Workbooks, their Model Answer books, and the Modular Workbooks **MAY NOT BE PHOTOCOPIED, duplicated, or put into any electronic medium**, in part or whole, without the written permission of Biozone International Ltd. Absolutely no photocopying is permitted under any **photocopy licensing scheme**.
- (b) The Modular Workbook Model Answers on CD-ROM includes a limited photocopying licence, see note 5 (b).

2. Pricing:

- (a) If a Course Workbook is purchased at a student discount price, then the school must give these Course Workbooks to the students for their personal use. They **may not be retained** by the school and must not be used in the school the following year. A **minimum of 5 Course Workbooks** of the same title must be purchased to qualify for this discount (the intent of this discount is to provide each new intake of students with the latest annual edition at an affordable price).
- (b) Full purchase price applies to purchases where the school intends to retain the Course Workbook for use for more than one year.

3. Presentation Media:

NOTE: **Presentation Media** = CD-ROM or download title

Usage rights for **Presentation Media** apply to a single campus of the registered purchaser. **You may:**

- Use the Presentation Media files as part of a VLE (Virtual Learning Environment) or a CMS (Content Management System). Access is restricted to students enrolled on the campus of the registered purchaser. Student access to a VLE or a CMS must be controlled by a user login and password protocol.
- Make overhead transparencies onto acetate for use with OHT projectors.
- Edit the files to suit personal use, but all copyright notices must be retained on the file.
- Print PowerPoint files in "Handout" format for use as student handouts. NOTE: The graphics may not be incorporated into teachers' own worksheets.

Any departure from the "Conditions of Use" listed above are prohibited without the written consent of Biozone International.

11. Inspection Copies:

We are happy for schools in New Zealand to request workbooks on a **strictly 10 day inspection basis**, so long as goods are returned in original condition and **at your own expense**. Requests for inspection copies must be accompanied by a signed order form. Inspection copies are invoiced and credited on their return. Returned goods will not be accepted nor any credit given without a Return Merchandise Authorisation (RMA) number.

13. File downloads:

As the downloading of files is an international service, pricing is charged in an international benchmark currency (US dollars). Presentation Media files are available in PowerPoint® format from our website.
